

## **AKC Rally - The Complete Guide - First Edition**

**This DVD has a very complex Menu. You can either play the whole DVD from the beginning - "Play All" - and not miss a thing! -- or you can go to any of the sections listed below to get to an area you are interested in digesting.**

**Either way, you will leave this video with a complete understanding of Rally. The demonstrations of each sign are very detailed and several dogs are used for each sign.**

### **Play All**

#### **Introductions**
